

Certificate

for compensated greenhouse gas emissions

CSP Services GmbH has offset
106.520 kg
of CO₂ greenhouse gases.

You can download your donation receipt at www.atmosfair.de/spendenbescheinigung.
In comparative studies of offsetting providers, atmosfair has consistently ranked first since 2005.
Over 90% of climate protection contributions are used directly in climate protection projects.

What does your climate protection contribution accomplish?

With your climate protection contribution in the amount of 2.450,00 EUR,
you are supporting the following projects, among others:

Efficient stove systems for families in Nigeria

With your climate protection contribution, 41 stove systems can be paid for. These save about 80% of energy.

Electricity generation from mustard seed crop residues in India

Your contribution provides 133 households with one year of renewable electricity.

Construction of biogas units for households in Kenya

With your climate protection contribution, important building materials (e.g. cement, pipes etc.) can be bought.

atmosfair operates its projects according to the Clean Development Mechanism (CDM) outlined in the Kyoto Protocol as well as the "Gold Standard" established by international environmental organisations. Independent organisations approved by the United Nations (e.g., TÜV) audit the projects' actual CO₂ reductions.
